Who would take care of your home, pets, and personal matters if an emergency happened?

The thought of such an emergency can be mind boggling. With the "Information for Life Booklet" those worries can be set aside. Class members will leave with a booklet to record and create an "In-Case-of-Emergency" everything document to keep you and your loved ones informed. You will receive a checklist to help you organize your personal information and records. You and your loved ones can have greater peace of mind knowing

this information is collected and organized in one place so that, if needed, your emergency contacts can easily be accessed. It is said that good luck is the result of good planning. Take advantage of this opportunity to plan for some good luck of your own.
